Calle Schewens Vals translation

In Roslagens embrace the blossoming island,
where the waves lapping against the shore,
and reeds rock and new-mown hay,
it smells to me sometimes.

I sit there UTI arbor on a bench
and watching the terns and gull
that plunge towards the bay in glitter and sprinkles
in search of food God knows.

Self I mix peacefully my coffee with crown
agreeable to the strength and flavor
and listen to the game's features alluring tone,
heard from my stugugemak.

I'm like a boy, the grandfather I am,
yes Rospiggen quiver in me!

It only gets worse as the years in which the
with dance and with jäntornas blig.

But hey, all friends who guest in my island,
I am both sober and wise.

When morning dawns, I volma my hay
two hundred and baiting hooks.

Fördöme you, Twilight, and now thine cow.

It burns in the mart overalls top!

This dancing Calle Schewen

with Roslagens rose,

He dances to the sun opp!
